01 Product description and specification

Product description	Combined stainless steel mortuary table and sink for body preparation and wash-up tasks in institutional mortuary areas. Built from heavy-duty Grade 304 stainless steel, with the option of Grade 316 for environments requiring enhanced corrosion resistance, the table is available in either 1.2 mm or 1.5 mm gauge thickness. All welded seams are ground smooth and polished to a satin finish, creating a hygienic surface free from crevices and easy to maintain to the highest institutional standards. With overall dimensions of 2567 mm (L) x 766 mm (W) x 900 mm (H), the unit combines a recessed table slab and a dedicated sink bowl to form a complete preparation and examination station. The table slab measures 1876 mm (L) x 626 mm (W) and incorporates a 50 mm recess at its deepest point, allowing fluids to be efficiently directed to a Ø40 mm waste outlet. Alongside the slab, the large integrated sink measures 500 mm (L) x 500 mm (W) x 250 mm (D), also fitted with a Ø40 mm waste outlet. Both the slab and sink feature 20 mm radiused internal corners for optimal cleaning and infection control. A 65 mm stainless steel apron runs around the perimeter of the work surface, providing a robust finish whilst enhancing rigidity and giving the table a neat, professional appearance. The supporting framework is manufactured from 40 mm x 40 mm stainless steel tubular sections, delivering excellent stability and long-term durability. Adjustable stainless steel feet allow the table to be levelled easily on uneven floors. Its all-stainless steel design ensures longevity and resistance to the demanding conditions of mortuary and medical environments.

02 Models and configurations

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
H72430(112)	Stainless Steel Mortuary Table & Sink 1.2mm	Material: Stainless Steel Grade 304 Material Thickness: 1.2 mm
H72430(115)	STAINLESS STEEL MORTUARY TABLE & SINK 1.5mm	Material: Stainless Steel Grade 304 Material Thickness: 1.5 mm

02 Models and configurations

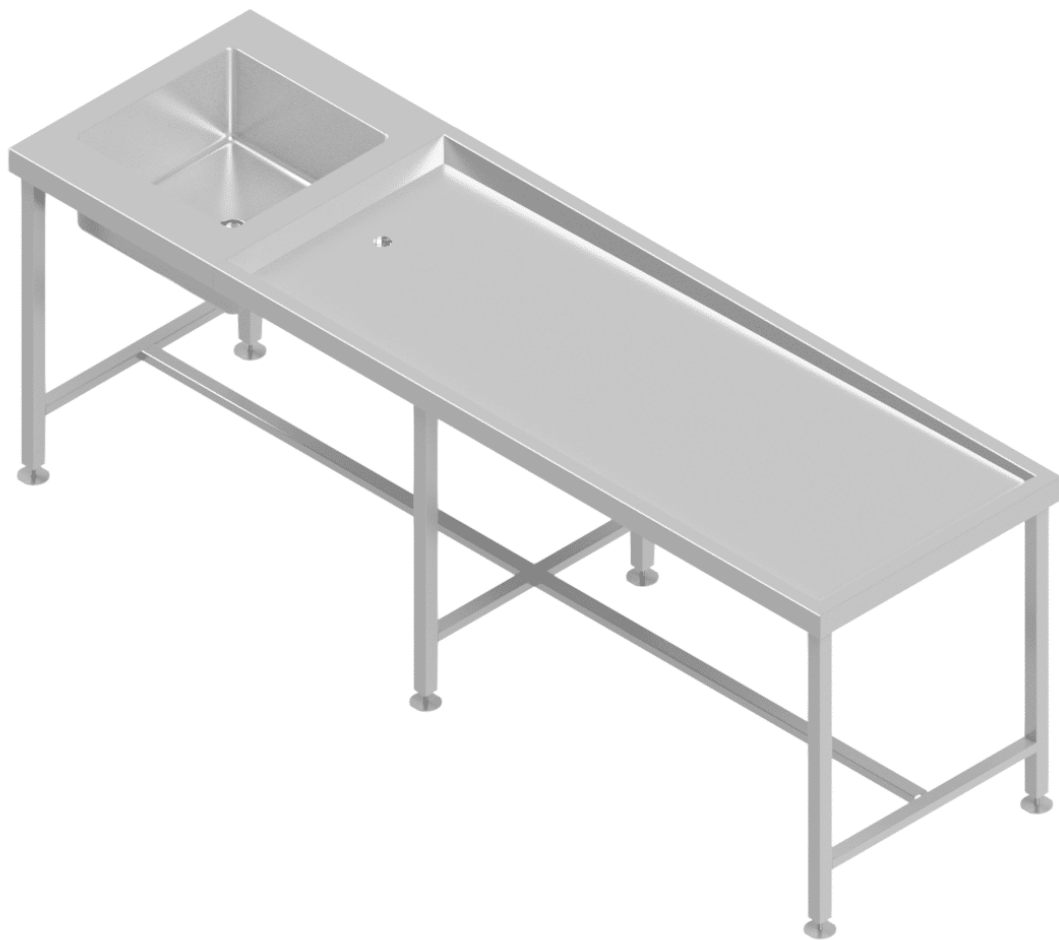

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
H72430(312)	H72430(312) Mortuary Table & Sink Stainless Steel Grade 316 1.2mm Thickness	Material: Stainless Steel Grade 316 Material Thickness: 1.2 mm
	Material: Stainless Steel Grade 316. Material Thickness: 1.2.	
H72430(315)	H72430(315) Mortuary Table & Sink Stainless Steel Grade 316 1.5mm Thickness	Material: Stainless Steel Grade 316 Material Thickness: 1.5 mm
	Material: Stainless Steel Grade 316. Material Thickness: 1.5.	

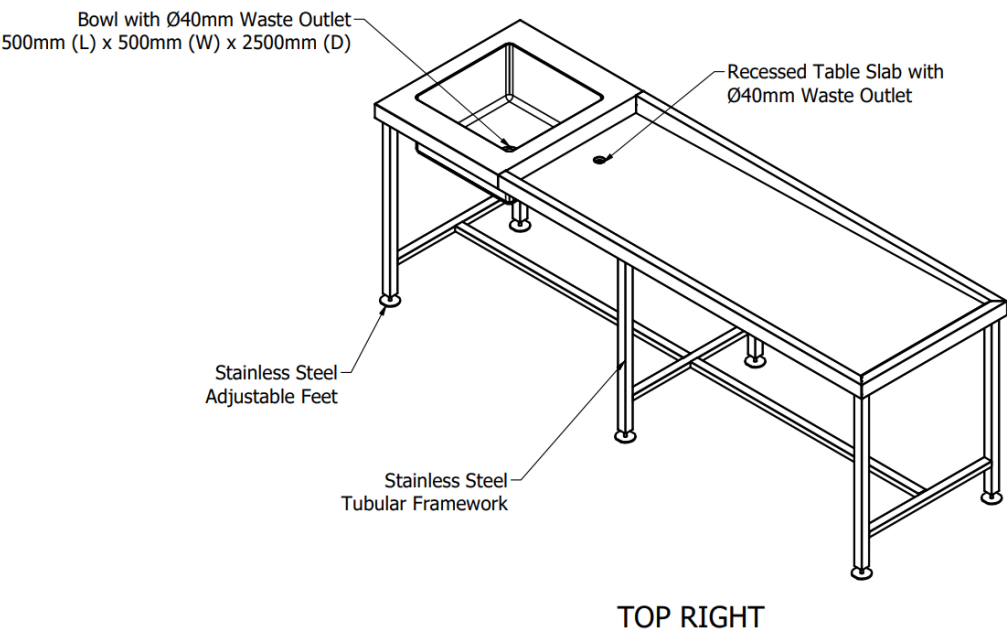

03 Application information

Intended applications	Mortuary Preparation
Industries	Hospitals & Clinics, Pathology & Mortuary Services

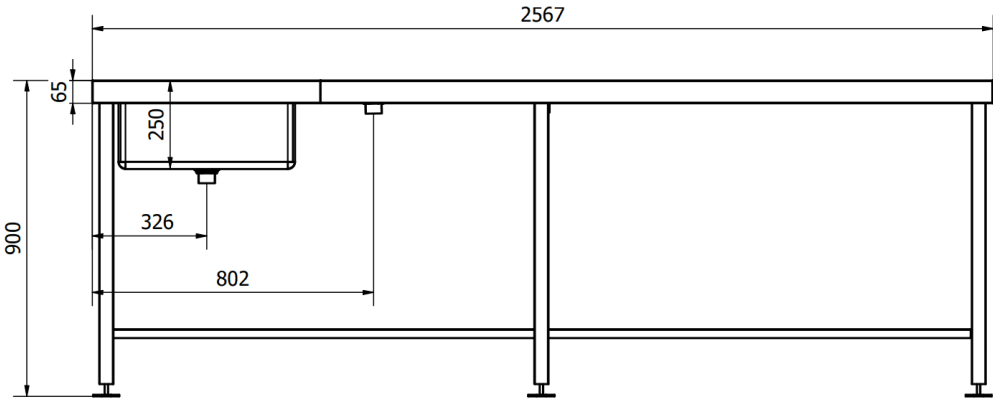

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months
