04 Specification notes

Configuration description

The Basterfield H72460(315-0900) wall-mounted instrument cabinet is manufactured from 1.5 mm Grade 316 stainless steel. It measures 900 mm in length, 550 mm in height and 300 mm in width.

The cabinet has welded construction with welds ground smooth and polished to a satin finish. It includes two doors with glazed panels and two stainless steel shelves. The cabinet is lockable and supplied with two keys. Pre-drilled holes provide mounting points for wall installation.

|                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
