01 Product description and specification

Product description	Child autopsy headrest in 1.2mm Grade 304 stainless steel; 220mm (L) × 80mm (W) × 60mm (H), with a 55mm radius support. Includes a render and dimensioned drawings.
Short Form Specification	**SPECIFICATION USE** Use this description when specifying this product range. Basterfield H72910(112) Child Headrest; Grade 304 Stainless Steel; 1.2mm Construction; Overall Dimensions 220mm (L) × 80mm (W) × 60mm (H); Contoured Head Support with 55mm Radius; for Positioning Support During Examinations.

02 Functional features

01 **Defined Overall Dimensions**
The 220mm (L) × 80mm (W) × 60mm (H) envelope helps the buyer check the footprint and height against the examination setup.

02 **Contoured Support Profile**
The 55mm radius curve provides the specified head-support profile for positioning during examinations.

03 **Grade 304 Construction**
Fabricated from 1.2mm Grade 304 stainless steel, giving procurement teams a defined grade and material thickness to specify.

04 **Dimensioned Drawings**
Front and top drawings accompany the isometric render so the dimensions and support profile can be checked before ordering.

05 **Identifiable Model for Repeat Orders**
Catalogue reference H72910(112) identifies this child configuration and helps repeat orders retain the required size and support profile.

03 Application information

Intended applications	Mortuary Preparation
Industries	Pathology & Mortuary Services, Research Laboratories

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months

05 Frequently asked questions

What are the overall dimensions?

The child headrest measures 220mm (L) × 80mm (W) × 60mm (H) overall.

What is the support radius?

The contoured head-support profile has a 55mm radius.

Which material and thickness are specified?

Both headrest sizes are fabricated from 1.2mm Grade 304 stainless steel.

How should I identify this headrest when ordering?

Quote catalogue reference H72910(112), the 220mm (L) × 80mm (W) × 60mm (H) overall dimensions and the 55mm support radius.

How do the adult and child configurations differ?

The adult H72910(112-A) is 300mm × 150mm × 120mm with a 106mm support radius. The child H72910(112) is 220mm × 80mm × 60mm with a 55mm support radius. Check the complete dimensions and profile against the intended examination setup.

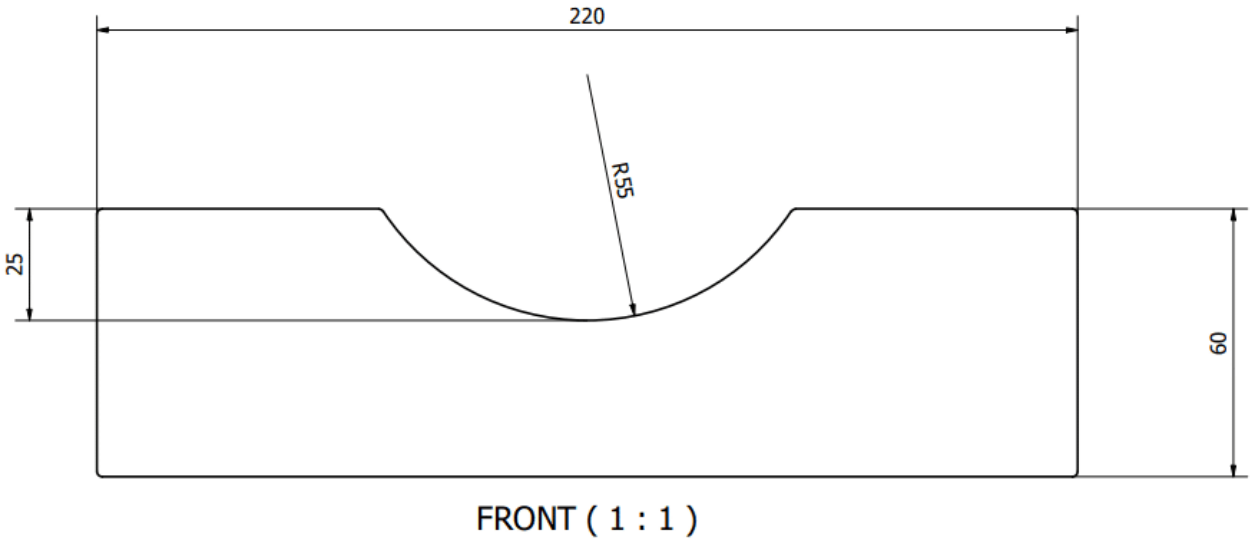

Are a render and dimensioned drawings available?

Yes. The specification sheet includes an isometric render plus dimensioned front and top drawings for this configuration.

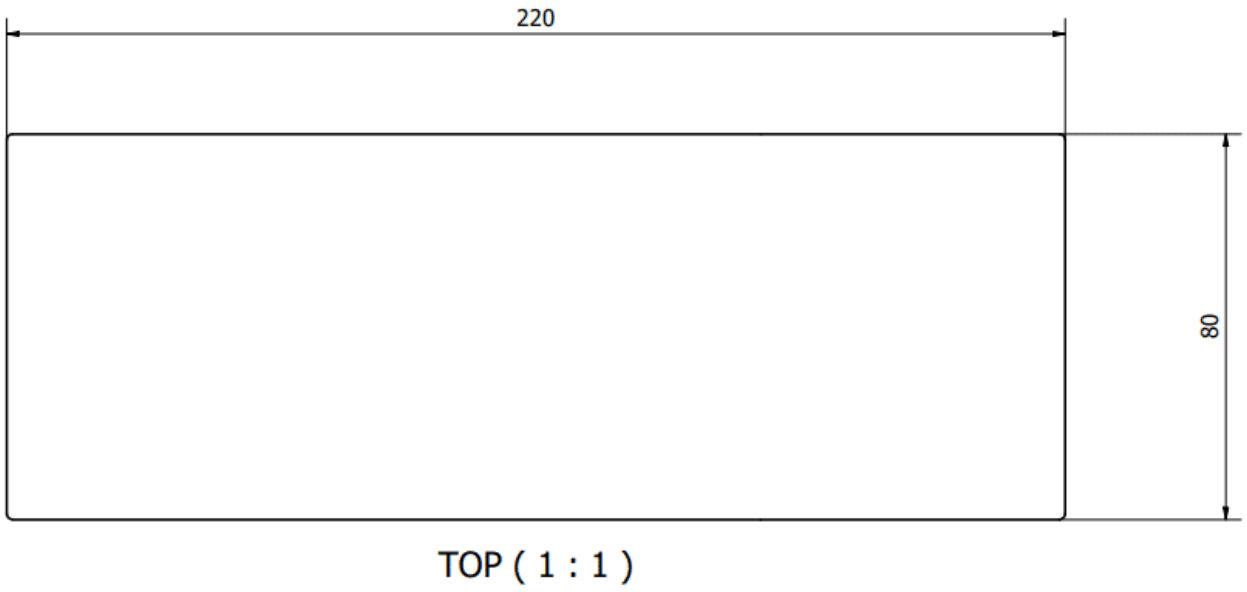

Which lead time applies to a bulk or phased order?

Any typical catalogue lead time is general guidance. The accepted quotation and its agreed tranche programme govern bulk or phased orders, including release dates, deposits, production capacity and readiness for collection or dispatch.
