01 Product description and specification

Product description	Heavy-duty Grade 304 stainless steel pig trolley with a slatted top and Ø200mm lockable castors for abattoir handling areas. Overall dimensions: 2200 × 1200 × 800mm (L × W × H).
Short Form Specification	**SPECIFICATION USE** Use this description when specifying this product range. Basterfield M30842 Heavy Duty Pig Trolley. Stainless Steel Grade 304; 2200mm (L) × 1200mm (W) × 800mm (H) Overall; Slatted Top; Ø200mm Lockable Castors.

02 Functional features

01 Move and Position the Trolley
Ø200mm lockable castors allow movement between handling positions, with locks to help keep the trolley in place when stationary.

02 Slatted Top for Drainage
Gaps between the slats allow wash water to pass through the handling surface during routine cleaning.

03 Grade 304 Stainless Steel
Stainless steel construction provides surfaces that can be wiped and washed as part of routine cleaning in abattoir work areas.

03 Application information

Intended applications	Material Handling, Meat Processing
Industries	Meat & Poultry Processing

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months

05 Frequently asked questions

What is the M30842 pig trolley used for?

The M30842 provides a mobile slatted handling surface for abattoir work areas. Its castors allow it to be moved between handling positions.

What are the overall dimensions?

The trolley measures 2200mm long × 1200mm wide × 800mm high overall.

What material is used?

The M30842 trolley is manufactured from Grade 304 stainless steel.

What castors are fitted?

The trolley is fitted with Ø200mm lockable castors. The castor locks help keep the trolley in position when stationary.

What is the benefit of the slatted top?

The gaps between the slats allow wash water to pass through the top during routine cleaning.
