01 Product description and specification

Product description	Three-compartment PPE dispenser for separating disposable protective equipment and keeping it accessible at workplace entry points. With its three separate compartments, this dispenser allows for efficient organization of different PPE items, such as hair nets, beard covers, face masks, or shoe covers, ensuring quick and easy access for workers. The spacious design, measuring 750 mm (L) x 170 mm (W) x 220 mm (H), provides ample storage while maintaining a compact footprint for wall-mounted applications. The hinged lid ensures PPE remains secure yet easily refillable, while the front viewing slots allow for quick stock checks, preventing supply shortages. The keyhole slots enable simple and stable wall mounting, keeping PPE conveniently accessible while optimizing space efficiency. Construction and features • Triple Compartment Design – Three separate compartments allow for the organized storage of multiple PPE types in a single unit. • Durable stainless steel Construction – Ensures long-lasting performance, corrosion resistance, and easy maintenance. • Large Storage Capacity – Dimensions of 750 mm (L) x 170 mm (W) x 220 mm (H) provide ample space for PPE storage while maintaining a compact design. • Hinged Lid for Easy Refilling – Secure and convenient top-loading lid protects PPE while allowing for quick replenishment. • Front Viewing Slots – Instant visibility of stock levels prevents shortages and ensures PPE is always available. • Wall-Mounted Installation – Keyhole slots provide stable, space-saving mounting for accessibility in high-traffic areas. • Versatile Application – Ideal for food processing plants, medical and pharmaceutical facilities, cleanrooms, laboratories, and industrial hygiene areas.
Short Form Specification	SPECIFICATION USE Use this description when specifying this product range. Basterfield B30840(T). Three-Compartment PPE Dispenser. The spacious design, measuring 750 mm (L) x 170 mm (W) x 220 mm (H), provides ample storage while maintaining a compact footprint for wall-mounted applications. Large Storage Capacity – Dimensions of 750 mm (L) x 170 mm (W) x 220 mm (H) provide ample space for PPE storage while maintaining a compact design.

02 Models and configurations

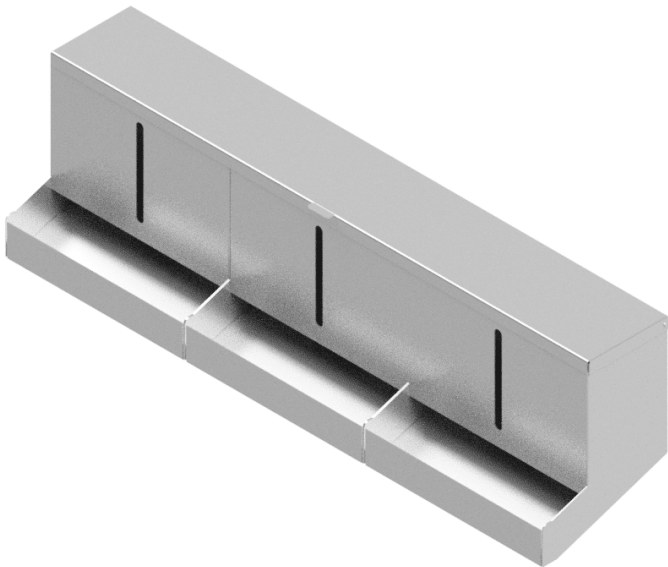

MODEL	DESCRIPTION	PUBLISHED CONFIGURATION
B30840(T)	Triple Compartment PPE Dispenser Large	Standard configuration

Intended applications	Storage & Organisation
Industries	Food & Beverage Processing, Hospitals & Clinics, Pharmaceutical Manufacturing, Research Laboratories

04 Supply and support

Typical lead time	10–15 working days
Warranty	12 months
